## Skalierung

<https://scale.com>

The screenshot shows the Scale Studio interface for a [Sample] Image Annotation Project. The left sidebar includes links for Studio Dashboard, [Sample] Image Annotation, Definition, Batches, Quality Lab, Labeler Management, and Data. The main area has tabs for Task Setup (selected), Task Instructions, and Labels. Under Labels, there are categories: Couch, Chair, Throw Pillow, Table, Ottoman, Table Type, and Color. The right side shows a detailed view for the 'Chair' category, including Box Attributes (Min height: 10, Min width: 10), Can rotate (unchecked), and Integer pixels (unchecked). A sidebar on the right lists all annotations: Couch (0), Chair (0), Throw Pillow (0), Table (0), and Ottoman (0).
